

# **The 15th International Heat Transfer Conference: IHTC-15**

August 10-15, 2014

Kyoto International Conference Center, Kyoto, Japan

<http://te.kuaero.kyoto-u.ac.jp/ihtc15/>

## **Scope**

IHTC-15 in Kyoto will be held 40 years after IHTC-5 in Tokyo, Japan. We particularly recognize the leading role of IHTCs as a platform for exchanging ideas and disseminating the latest knowledge at the frontier of thermal science for society, and will make every effort to allow IHTC-15 to achieve such important goals. To this end, by working with the international research community, we will set forth focal scientific areas for planning keynote lectures as well as technical sessions, and also try to renew the traditional conference schemes as needed by making a thorough survey on every aspect of the IHTC. The details of the conference will be publicized no later than August 2012.

## **Umbrella Organization**

The Assembly for International Heat Transfer Conferences

## **Hosting Organization**

The Heat Transfer Society of Japan

## **Supporting Organizations**

The Japan Society of Mechanical Engineers

The Society of Chemical Engineers, Japan

The Science Council of Japan

International Centre for Heat and Mass Transfer

## **Chairpersons**

Organizing Committee Chair: Nobuhide Kasagi (The University of Tokyo)

Executive Committee Chair: Hideo Yoshida (Kyoto University)

Intl. Scientific Committee Chair: Shigenao Maruyama (Tohoku University)
